Description

Introducing the Equip Eco Mount Wall Mount Cabinets, engineered for seamless installation and efficient management of your network components, all while prioritizing elegant cable organization. Crafted from robust steel sheets up to 1.5 mm thick, these cabinets stand as symbols of durability and strength, ensuring your valuable equipment remains secure. Available in sophisticated shades of grey (RAL 7035) and black (RAL 9005), our cabinets offer both functionality and aesthetics. Whether you choose the 10' or 19' variant, the Equip Eco Mount series provides a hassle-free experience, whether wall-mounted or configured as standalone units. The door and side panels are designed for effortless detachment, and you have the flexibility to switch the door's orientation from right to left for your convenience. To enhance airflow and maintain an optimal operating environment, our cabinets feature integrated ventilation slots on the roof. Inside, you'll find a pair of pre-mounted 483 mm (19") profile rails, adjustable in depth, and complete with readable height unit markings from both directions. The back frame includes 483 mm (19") punch-outs for added versatility. Efficient cable management is at the forefront of our design. The roof includes a sliding cable entry panel with a rubber seal for ease of access and organization. Punched-out cable entries with protective plastic covers are strategically placed on the rear wall and base. Additionally, the rear frame is equipped with brushes on both the top and bottom to keep your cables tidy and well-organized. Our commitment to flexibility extends to a wide range of accessory options, including cable management tools and shelves, designed to meet diverse operational demands. With the Equip Eco Mount Wall Mount Cabinets, you can optimize your IT infrastructure with confidence, knowing that your equipment is housed securely and efficiently. Choose Equip Eco Mount for a smarter, more organized, and reliable network cabinet solution, whether you need a 10' or 19' variant, and elevate the performance of your IT environment today.
